

SAFETY AND SECURITY AT STC

At STC, we believe that children can keep safe and secure
by...

- ...staying calm, gentle and respectful to other children and teachers.
- ...showing kindness to everyone.
- ...standing up for ourselves.
- ...seeking help with our learning.
- ... by keeping ourselves and others focused.

At STC, teachers can help us be safe and secure by...

- ...asking if children are okay if they seem sad/lonely.
- ...making sure children are physically safe.
- ...comforting all students and new students.
- ...making sure children are following STC rules.
- ...making sure learning and teaching is happening to the best of everyone's abilities.

At STC, if we notice someone is not safe, we can...

- ...talk to them (about positive things!)
- ...comfort them when they aren't feeling safe.
- ...stand up to bullying.
- ...get them to speak to someone (like a staff member).
